### Holiday Greetings From DisCon III

As the co-chairs of DisCon III, we send you our very best seasons greetings and a Happy New Year going into 2021. The year we leave behind has been challenging in so many ways, but we're looking forward to a brighter 2021. We know all of you are eagerly awaiting the news on the timing and format of DisCon III, and we are working hard to be able to let you know as soon as we can. We thank everyone who has taken the time to provide feedback to us through our surveys and direct contact, we appreciate this communication as part of the input towards the final decision. When we announce the timing and format of DisCon III in January, a summary of the survey results will likely be included.

### DisCon III Membership Rate Increase and 2021 Hugo Award Nominations

While DisCon III has decided to hold off on the previously announced 1 January 2021 membership rate increase until the form of the convention is announced, we want to make you aware of the end-of-year deadline to be eligible to nominate for the 2021 Hugo Awards. Only Supporting or above memberships purchased before 23:59/11:59 PM USA Eastern Standard Time (EST) on 31 December 2020 will grant nomination rights.

Except for a very limited set of circumstances, which does not include a change in form or date of the convention, Supporting Memberships will not be refunded and membership categories above Supporting will only be refunded back to Supporting. Full refund information and an FAQ will be published when we announce the form of the convention.

### Best Video Game – Special 2021 Hugo Award Category

The DisCon III committee has added a special Hugo Award category for "Best Video Game" for the 2021 Hugo Awards as provided by the rules of the [World Science Fiction Society](#). The full announcement is located on the [DisCon III News](#) page.

An eligible work for the Best Video Game Special Hugo Award is any game or substantial modification of a game first released to the public on a major gaming platform in the previous calendar year in the fields of science fiction, fantasy, or related subjects.

For these purposes, a game is defined as a work wherein player choice, interaction, or participation significantly impacts the narrative, play, meaning, or experience. A major gaming platform means that the game is available on personal computers such as Windows, Mac, or Linux computers (including, but not limited to, via Steam, Epic, itch.io, browser, or direct download), iOS, Android, Switch, PlayStation, and/or Xbox systems. This definition will be provided as part of the nominating and voting ballots.

We wish to express our appreciation to Ira Alexandre and the Games Hugo Subcommittee of the Hugo Study Committee for their work in gathering the necessary data and evidence to support the creation of this special award.

Members of CoNZeland and DisCon III as of December 31, 2020 are eligible to nominate works for the 2021 Hugo Awards, including for the special category Best Video Game. Nominations open in early 2021. Only members of DisCon III are eligible to vote on the final ballot. More information on the Hugo Awards is available at [The Hugo Awards](#).

## Capitalize! The DisCon III Fan Fund

Capitalize! The DisCon III Fan Fund was inspired by the successes of the Worldcon 76 Mexicanx Initiative in 2018 and the Fantastic Dublin Fund last year. We will be financially supporting fans, staff, and program participants from marginalized communities in an effort to lift voices across science fiction, fantasy, and fandom who have not been recognized in the past. At this time, we have received \$3,185.60 in donations. Our thanks to everyone who donated. For more information, visit our [Get Involved](#) page.
